Career:

OCT 1998 – APR 2000

Hercules DMB&B, Johannesburg, Art Director

Key clients:

Fiat, Procter & Gamble, PlayStation, Hooch Alcoholic Beverages, Ernst & Young, MTN.

Responsibilities / Job Description:

I conceptualised and executed traditional communication campaigns by successfully interpreting and solving the strategic requirements of each brief through great, simple and effective ideas. I then used my art direction craft skills to deliver the communication in the most meaningful and distinctive way.

APR 2000 – MAY 2006

TBWA\Hunt Lascaris, Johannesburg, Art Director

Key clients:

SASOL (brand, sponsorship, fuel) BMW, Standard Bank, Tiger Brands FMCG (Albany, All Gold, Fast Forward), Nando's, BIC, City Lodge, MTN, Nashua, SABC (South African Broadcasting Centre), United Cricket Board, Adcock Ingram.

Responsibilities / Job Description:

During my time at Hunt Lascaris, I created some of South Africa's most loved brand and product campaigns for South Africa's most loved Brands. My campaign ideas were selected to launch a new chocolate called FFWD which became the biggest selling chocolate in South Africa for the 3 months after launch. I then worked on a repositioning brief for SASOL, South Africa's biggest petrochemical company. My work successfully repositioned SASOL as a world class energy supplier in the hearts and minds of all South Africans. The campaign also won more Loerie Awards than any other brand that year. I was then asked to go to the USA to help reposition Pedigree, which I did by playing a key role in delivering the "Dogs Rule/We're for Dogs" campaign. During these years at Hunt Lascaris, I was promoted to a Group Head because of the consistent, great, iconic work I had delivered through world class ideas and craft which won numerous international and local awards (Cannes Lions, One Show, D&AD, Clio and Loeries).

MAY 2006 - JAN 2007

Freelance Creative Consultant Johannesburg & Cape Town on high level creative and strategic pitches for: Ogilvy JHB, Lowebull JHB, TBWA\Hunt\Lasarcis JHB, TBWA/Global clients, The Jupiter Drawing Room JHB, Net#Work BBDO, Velocity Films.

Key clients:

SA Tourism, Sunlight Washing Powder, MTN, SAB Castle, MNET Brand, Standard Bank, Nedbank, Anglo. MARS - Galaxy Chocolate Bar (TBWA Global Client).

Responsibilities / Job Description:

During this time many of South Africa's best advertising agencies and production companies used my conceptual and art direction skills to help solve their brand's most challenging briefs. I created, sold and produced various campaigns that created a significant, positive shift in their brand's performance and won international and local awards.

JAN 2007 - APR 2014

Co-Founder, shareholder and board member, MetropolitanRepublic, Johannesburg

Executive Creative Director: 2009 – 2014, Creative Director: 2007 – 2008

Key clients:

MTN Group, MTN Uganda, MTN Rwanda, MTN South Africa, FNB, The Aveng Group, Wimpy, Nando's Groceries, SAB (Castle Milk Stout)

Responsibilities / Job Description:

I co-founded MetropolitanRepublic, a new South African Advertising Agency which we had a vision to become the best agency in the country. It didn't take us long to achieve this. I started out as a Creative Director and then quickly became the Executive Creative Director when my partners realised my exceptional leadership skills (solid, focused, decisive and can delegate tasks easily). I asked the right questions and created work that not only solved business problems for our clients, but also increased their brand awareness with breakthrough creative output. I can unpack a complicated idea to its granular level in a way that simplifies it for our clients. While I was a creative at heart, my incredible business savvy was able to grow business organically. MTN was our biggest client and for the first time in their history the work we created during this time helped them become the biggest and most loved telco brand in South Africa. We also won their first ever international awards (Cannes Lions, One Show, D&AD and Clio). I then used this momentum to lead our agency and creative teams to pitch and win various other accounts - First National Bank, Wimpy, the Aveng Group, Nando's and Castle Stout. This made us one of South Africa's biggest and successful agencies. My people skills managed to keep A+ talent happy and fulfilled which created a sustainable, profitable and successful business for many years.

The work that made me most proud was delivering MTN's 2010 FIFA WORLD CUP sponsorship campaign. It was by far the biggest campaign ever done from an African brand or advertising agency. Our campaign was so culturally and commercially powerful that it resonated with people in very deep and meaningful ways. It quickly became the most successful campaign out of all the FIFA sponsors, outperforming Coca-Cola and adidas.

Peter Khoury Curriculum Vitae

APR 2014 – SEPT 2022

TBWA\Hunt Lascaris, Johannesburg, Chief Creative Officer, board member.

Key clients:

MTN GROUP, McDonald's, ABSA Africa, SASOL (brand, sponsorship, fuel) Standard Bank South Africa, Standard Bank Africa, Tiger Brands FMCG (Albany, Ace, Morvite, All Gold, Crosse and Blackwell, Tastic, Fatti's & Moni's, Black Cat, Jungle Oats, Beacon All-Sorts), Nissan South Africa, Distell (Klipdrift, Nederburg, JC le Roux, Scottish Leader, Fleur du Cap, Bains, Black Bottle, Aura, Bisquit, Doom, Peaceful Sleep, Dyrange, Uniball), Appetiser, City Lodge, Médecins Sans Frontières, Flight Centre, Goodbye Malaria, Liberty, Joburg Ballet, Multichoice Africa, Reach for a Dream, Tafel Beer, Cobra (Lixil), Ferrero, Spotify, Netflix, Johnnie Walker, Windhoek.

Responsibilities / Job Description:

I returned to TBWA\Hunt Lascaris with the intention of taking South Africa's most iconic agency to new heights. I partnered with my CEO and together we brought massive positive change and belief to our 150+ staff members. The agency was using outdated models, processes and systems. I played an instrumental role in modernising the agency so they could deliver iconic, culture first, 21st century work at scale. I managed to lead the agency to best individual agency of the year for 4 consecutive years (2018, 2019, 2020 and 2021), a feat never achieved before. In 2020, the agency was also acknowledged as the Cannes Lions – Regional Agency of the Decade Runner-up - Africa & Middle East. My leadership skills had evolved in such a way that I started to gain outside attention. I was asked to join and lead many industry bodies and to make the same positive changes to them as I had done to Hunt Lascaris. I sat on the executive committee of the Creative Circle – a leading industry body for advertising creativity in South Africa. I also sat on the Loeries Committee – The leading African and Middle Eastern advertising award show, the Facebook Creative Council for the EMEA Region, and the advisory board for Growth Ten – Richfield and AAA School of Advertising. I was voted as Creative Circle Chairperson from 2018-2020. He used my time to modernise and transform the organisation into what it is today.

Some of the most successful work that I lead during my time was:

'Breaking Ballet' is the 2nd most recognized and awarded campaigns to ever come out of South Africa globally. Its impact has been immense on our local industry and has set new standards for how locally relevant, diverse work can achieve massive, global recognition and fame. This work has changed the trajectory Hunt Lascaris and helped us become the success that they are today. This campaign won a gold Cannes Lion in the Entertainment category (only 6 golds were awarded that year) and a Silver Cannes Lion for creative use of data (South Africa's first and only Creative Data Lion). The campaign also won South Africa's first ever Webby Award, not one but two – One for Media & PR: Real-time response and another for Social: Arts & Entertainment. The campaign won a Yellow Pencil at D&AD for Branded Content & Entertainment, a Graphite Pencil Digital Marketing and two Shortlists. In the One Show Awards it won a Gold Pencil for Branded Entertainment, a Silver Pencil for Real-time response and four Merit Awards. At the local Loerie Awards the campaign played an instrumental role in TBWA\Hunt Lascaris being named Loerie Awards Regional Agency of the year. It won the Public Service Grand Prix, four Gold Loerie Awards, a Silver Loerie and a Craft Loerie Award. In the Epica Awards it won Two Silver Awards and one Bronze. In the Clio Awards it won a gold, silver and bronze statue. All these awards culminated in TBWA\Hunt Lascaris being ranked as the 27th best agency in the world for that year according to the WARC Creative Rankings.

I was also critical in the development of a successful advertising campaign we created for Hype Magazine/Tears Foundation. South Africa has the world's worst rape statistics, and this campaign targeted the absurdity of victim blaming. Titled 'Blame No More', this was a perfect demonstration of Mrs. Garrett's unique, world-class creative and design abilities as well as her highly tuned in creative sensibility. The campaign was awarded one Gold Cannes Lion, two Silver Cannes Lions and two Bronze Cannes Lions. One of these being South Africa's first ever Glass Cannes Lion. The campaign also won two Gold Loerie Awards, one Silver Loeries and one Bronze Loerie Award. Once again, this campaign played a significant role in TBWA\Hunt Lascaris being named as the Loerie Awards Regional Agency of the year for the second year in a row. In the IAB Bookmark Awards, it won three Gold Cubes and three Silver Cubes. These Cubes helped TBWA\Hunt Lascaris rank as the Bookmarks Overall Agency of the Year for the first time. All these awards culminated in TBWA\Hunt Lascaris being ranked as the 22nd best agency in the world for that year according to the WARC Creative Rankings.

Not only did I lead and create standout campaigns as per above, but also developed iconic creative campaigns for MTN, Africa's biggest Telecommunications company. I lead our regional creative teams in 20 countries on MTN's COVID-19 response campaigns, 'Wear it for me' and 'OneMorePush' that launched in 18 countries simultaneously. This was a highly distinctive and effective campaign that entrenched MTN as Africa's most loved brand. MTN is Africa's biggest and most valuable Brand. TBWA pitched and won the account in 2017 and then re pitched in 2020 and against all odds managed to retain the account largely due to my leadership and positive impact on the MTN business.

SEPT 2022 – DEC 2023

TBWA\Neboko, Netherlands, Chief Creative Officer adidas worldwide.

Key clients:

adidas brand, adidas running, adidas football, adidas women's, Philips

Responsibilities / Job Description:

Adidas is a problem account for TBWA worldwide. While it has a lot of potential for us to create some of the world's most iconic work adidas is extremely conservative and difficult to work with. TBWA's worldwide CEO Troy Ruhanen asked me if I would like to take up the opportunity to move to Amsterdam and lead the adidas account for a year. This was a sensitive time as adidas was about to go through an entire worldwide brand refresh. I took the opportunity. I galvanised and led our worldwide team out of Amsterdam. We successfully created and launched 'You Got This' worldwide. During this time, I had to gain the agency and client's trust and make sure they had confidence in the work we were making. I had to make sure the work delivered on strategic challenges and was able to cross borders and cultures around the world. I also had to make sure the complex production realities did not compromise the ideas and executions while still being able to pull off beautiful and crafted work that the world would take note of. The campaign launched in FEB 2024 and has been adidas's most successful campaign launch ever, outperforming the results and impact of their 2022 World Cup Campaign by a considerable margin.
